

Quarantine is coming to be long! Stay calm and glue!

Friends, modelers! We all were ready to meet each other during spring modeler's conventions. Invasion of the insidious virus thwarted our intentions. Instead our traditional meetings, talks and drinks we have to sit home and save the word sitting on the couch. What more, we don't see the end of the quarantine, we don't know, when we may see each other again. Therefore, let's employ modern technology to show results of our modeling effort to other modelers. Eduard announces the first worldwide virtual modeling convention, 1st QUARANTINE BUNNY CUP! Join us to introduce your models in Eduard Facebook profile! You can see the convention schedule and instructions here:
