

INFORMATION FOR DISTRIBUTORS

# MAY 2023

Dear friends,

In today's Leaflet you will find the upcoming releases for May 2023.

## THE KITS

In May we will release four new kits as new items and two more that were released earlier and were not available for some time.

I'd say the most attention will be paid to Spitfire Story: Malta in 1/48 scale. This kit will be released as a Limited Edition Dual Combo with decals for the twelve machines that took part in the defense of this unsinkable aircraft carrier in the Mediterranean. The kit will include plastic parts for the Spitfire Mk.Vb and Vc. Of course, there will be no shortage of color schemes for the blue painted Spitfires. And the legends of the Malta defenders in this edition will be dominated by „Screwball“ Beurling and „Rose“ Mackie.

In the ProfiPACK edition in May we will release F6F-5 in 1/48 scale with camouflage schemes for six US Navy machines. These will include planes flown by successful fighter pilots from VF-9, VF-31, VF-17 and other units. The boxart will depict Eugene Valencia in combat over Japan in February 1945.

In the Weekend edition we will release a 1/72 scale MiG-21MF kit. As is customary with this series, it will include decals for four machines. In addition to the Czech or Soviet machine, there will also be a Somali Air Force plane.

In May we will also release a 1/48 scale Bf 109F-4 in the Weekend edition. It will offer decals for one machine from Western Europe, one from the Eastern Front, one from the fighting in Finland and will feature Hans-Joachim Marseille on its boxart with his „yellow 14“.

Reissue brings back to the range the long sought after Fokker Dr.I triplane kit in the ProfiPACK range in 1/48 scale. It will have a new boxart featuring the legendary Manfred von Richthofen's aircraft and will symbolically depict the situation in which he achieved his last, 80th victory. The second reissue, in the same series, will be a 1/72 scale Fw 190F-8, also with a new boxart.

## BRASSIN

First of all I would like to mention a 1/48 scale set for A6M2-N Rufe (Eduard) floatplane. In May we will release a cockpit as well as flaps and engine.

However, cockpit differs in detail from the cockpit for the classic A6M2 Type 21 Zero, which was the basis for the Rufe seaplane design.

In May, we will continue the 1/48 Wildcat theme, releasing an engine model for the F4F-3A and a set for the F4F-4 gunbays.

We will be covering the 1/48 scale F-35A kit by Tamiya with a set for the seat and exhaust nozzle. With the next four sets we will continue with the release of 1/48 scale F-16 accessories by Kinetic. This will be a radar and three sets of LööK for Falcons of different production blocks.

For the majestic 1/24th scale Spitfire Mk.IXc kit from Airfix we will release an exhausts and LööK set.

LööK will also be released for the new Revell Hurricane Mk.IIb in 1/32 scale.

In the LööKplus series we will release three 1/48 scale sets, A6M2-N Rufe (Eduard), Mosquito B.Mk.IV (Tamiya) and F-16C Block 25 (Kinetic).

There will be available an armament set for Kinetic's F-16 in the BIGsin series, and we will release a 1/48 scale set for the F4F-4 (Eduard) in the same series.

Modelers seem to like our generic accessories. That's why we continue with pedals for Luftwaffe aircraft in 1/32 scale, magazines for Vickers machine guns in 1/48 scale and two sets for German AFV combat equipment in 1/35 scale. These will be a set with ten lugs for tow ropes and a set with five binoculars.

## SPACE

In 1/32 scale we will release SPACE sets for the P-40B (GWH) and in 1/35 scale we will produce a set for the CH-54A helicopter (ICM). In 1/48 scale we will launch most of the new releases, namely the F-86D (Revell), Mi-17 (AMK/Annetra) and sets for Eduard, Bf 110C and P-400 kits. There is planned also a 1/72 scale set for Eduard kit for Spitfire Mk.IXc and B-25J (Hasegawa).

## DECALS

We will release a 1/48 scale decal sheet for the B-25J kit by HKM, which will be based on the decals that were part of the 1/72 Eduard kit released under the name „Angel of Mercy“.

## Photo-etched parts

In May we are planning to release several sets for

the new AMK and Annetra Mi-17 helicopter kit in 1/48 scale, including seat belts, cargo bay belts, cargo bay floor, etc.

For the A6M2-N Rufe kit in 1/48 scale (Eduard) we will also release the flaps in photo-etched form. Both 3D printed and etched solutions have their supporters.

For the P-40B in 1/32 scale (GWH) we will release a photo-etched set based on the previous set for the Hawk 81-A2.

Academy has released a 1/48 scale kit of the PV-1 bomber (Revell plastic parts). We have redesigned the original photo-etched sets produced earlier and will release them in a new form in May. It will be a set for cockpit, interior, exterior, landing gear, bomb bay and seatbelts made of steel.

Revell has put the F-86D kit back on sale in 1/48th scale and our designers are preparing all new sets for it.

The 1/35 "AFV" scale CH-54A helicopter kit is no small thing. Our photo-etched parts should make this ICM scale kit even more realistic.

In the Zoom series in 1/72 scale we will release a set for MiG-21MF (Weekend, edition, Eduard).

And in May, we'll follow up with a second set for the 1/350th scale USS Missouri (BB-63) battleship kit from Hobby Boss.

## Orders

We would welcome your pre-orders for May items by Friday, March 31, 2023. Thank you!

April items will be ready for shipping on Friday, 17 March.

In connection with the model show, which will be held in Prague on Saturday March 25, 2023 by KPM Prosek Panthers, there will be a several days discount event on our e-shop, in which we will start selling April novelties.

We are also sending folder with the graphics included in the Leaflet. Many of you are using our Leaflet images for pre-order section of your e-shops and in your newsletters. We hope this will save you some time.

If you would like get more information, clarify some points or if you would need our help, please contact us at [department@eduard.cz](mailto:department@eduard.cz) or contact me directly at [jan.bobek@eduard.cz](mailto:jan.bobek@eduard.cz).

Jan Bobek
