

INFORMATION FOR DISTRIBUTORS

MAY 2024

Dear friends,

I would like to inform you about new releases coming up in May 2024.

THE KITS

The new kits for May were chosen in connection with the upcoming 80th anniversary of the Allied invasion of Normandy as part of Operation Overlord.

The main new release in May will be the premiere of the P-51B Mustang kit in 1/48 scale, which we have prepared as a Dual Combo in the Limited Edition under the title OVERLORD: D-DUAL MUSTANGS / P-51B MUSTANG DUAL COMBO 1/48. This release is eagerly anticipated by the customer community. A selection of decals allows for the construction of two out of the nine American and one British aircraft from the Normandy landings and subsequent operations during June 1944. The 4th, 352nd, 354th, 355th, 357th, 361st, and 363rd Fighter Groups will be represented with brightly colored machines from the summer of 1944. The selection includes the legendary „Salem Representative“ machine flown by Lt. Ralph K. „Kid“ Hofer of the 334th FS, 4th FG, and the RAF is represented by the famous aircraft flown by S/Ldr Eugeniusz „Dziubek“ Horbaczewski of No. 315 (Polish) Squadron. The kit also includes masks and pre-painted photoetched parts.

Alongside this kit, we are releasing an extended version, the Royal Class P-51B MUSTANG DUAL COMBO 1/48 with catalogue number R0019. It is not part of our regular stock and is available only in pre-sale, to which we have reached out to our partners in the past few days. Ordering the Royal Class edition at a later date will not be possible as part of restocking.

The P-51B stands out as one of the commercial highlights of this year. It is a well-designed and manufactured kit of a famous aircraft type, brimming with colorful schemes of renowned warplanes and the tales of their pilots. Consequently, it represents one of the few exceptional commercial opportunities. We're confident that you're already aware of this and won't let this opportunity slip by!

The other two kits that coincide with the 80th anniversary of Operation Overlord are the Mk.IXc Late Spitfires in the Weekend edition. Their box art will be linked to the battles over Normandy in June 1944, and each kit will offer decals for four machines. The first Spitfire will be released in 1/48 scale, featuring on its box art a New Zealander - P/O Johnnie Houlton of No. 485 Squadron. The decals will also include options for the aircraft of W/Cdr Johnnie Johnson, the Spitfire of French fighter ace Cpt. M. Boudier, or the plane of the most successful Greek fighter pilot, S/Ldr J. Plagis.

The second Spitfire Mk.IXc kit, this time in 1/72 scale, has been prepared with an invasion theme. It will feature box art depicting the legendary commander of No. 144 Wing RAF, W/Cdr Johnnie Johnson. The other three decal variants will also be the same as those offered in the 1/48th scale kit mentioned above.

The 80th anniversary of Operation Overlord presents another exceptional trading opportunity. In addition to the new releases mentioned above, we offer several other Invasion-themed items in our kit selection. Consider taking advantage of them during this spring and summer, when the anniversary of the Invasion will be in the spotlight, not only

for modelers. Below is a list of Operation Overlord-themed kits:

8281 Spitfire Mk. IXc late version 1/48 ProfiPACK

82122 Tempest Mk. V series 2 1/48 ProfiPACK

84172 P-51D-5 1/48 Weekend

84183 Spitfire Mk.IXc 1/48 Weekend

84195 Tempest Mk. V Series 1/48 Weekend

7466 Spitfire Mk. IXc 1/72 Weekend

The Bloody Hundredth 1943, B-17F 1/48

This time, we would like to inform you about a kit set to be released in August 2024. Given that it will be a very specific limited edition, we seek your feedback on the estimated number of kits you will order.

In collaboration with HKM and the 100th Bomb Group Foundation, we will be producing a 1/48th scale B-17F bomber kit focusing on the legendary unit nicknamed „The Bloody Hundredth.“ To achieve this, we are working with HKM to develop a new injection mold that will enable us to create nose variants not previously available in the kit. This enhancement will allow us to include the markings of the legendary machines that served with the unit in 1943:

Rosie's Riveters, B-17F-120-BO, 42-30758, LD-W

Piccadilly Lily, B-17F-30-VE, 42-5864, EP-A

Hard Luck!, B-17F-55-DL, 42-3413, LN-V

Sunny II, B-17F-120-BO, 42-30796, EP-K / EP-J

Alice from Dallas, B-17F-30-VE, 42-5867, LN-O

Skipper, B-17F-45-DL, 42-3307, EP-N

Horny, B-17F-40-VE, 42-5957, XR-D

The kit will come complete with masks, photo-etched parts, and brassin parts, as well as a poster by artist Piotr Forkasiewicz.

We will be reaching out to you in the next few days to inquire about your anticipated orders for this item in a separate mailing. By the end of March, we will place orders for the plastic parts from HKM and determine the size of the edition, i.e., the number of kits to be issued. Since this is a substantial and costly investment, the edition size will be determined strictly by pre-order status. Consequently, those who do not pre-order will likely not have the opportunity to order the item. We therefore ask you to carefully consider your anticipated sales of this kit and be prepared to inform us of your pre-orders next week. Thank you for your understanding and cooperation!

BRASSIN

In May, the P-51B Mustang in 1/48 scale will be the focal point of our accessories. We will release three sets of wheels, two sets of exhausts, a seat, bronze landing gear legs, and gun wells in the wing. Additionally, a LööK set will be available for the P-51B.

For Kinetic's F-16C kit in May, we have prepared two sets of cockpits for the Block 52 variant, as their designs have been gradually evolving, along with a set for the landing gear well. A set of two seats for the L-39 kit in 1/72 scale (Eduard) will also be released. This set is aimed at significantly enhancing the cockpit appearance of this older kit.

Furthermore, we have developed a set of wheels and a LööK

set for the 1/48th scale Gannet kit by Airfix.

In addition to these releases, LööK sets for the 109G-6 and Bf 109F in 1/72 scale kits (Eduard) will be available in May.

Finally, LööKplus sets have been designed in 1/48 scale for the Fw 190A-7 (Eduard) and the F-35B kit by Tamiya.

ACCESSORY SETS - PHOTO-ETCHED PARTS, MASK AND DECALS

Italeri has reintroduced the CR-32 fighter biplane kit in 1/72 scale. Consequently, we are reissuing our previously released and sold-out photo-etched sets. A similar situation arises with the re-release of the MC.200 fighter aircraft by the same manufacturer, but this time in 1/48 scale. However, we are simplifying some of the parts to enhance assembly convenience.

In May, for the Tamiya 1/48 scale kit of FM-1 carrier fighter, we have prepared two Zoom sets, a comprehensive set and a set of flaps.

Additionally, for the 1/48 scale Buccaneer S.2B kit by Airfix, which depicts the aircraft used in the Gulf War, we have prepared a set of photo-etched parts.

Furthermore, for the Sd.Kfz. 251/18 Ausf. A in 1/35 scale by ICM, we will release a set of photo-etched parts, which will include some parts designed as 3D decals of the Space series.

Lastly, for the 1/350 scale kit of the escort aircraft carrier USS Sangamon CVE-26 by Trumpeter, we have the first set of photo-etched parts ready for May.

The Space set is, of course, ready for May in 1/48 scale for P-51B/C (Eduard). In this scale, we will also offer sets for the Buccaneer S.2B and Buccaneer S.2B Gulf War (Airfix), FM-1 (Tamiya), F-14A (GWH), and MC.200 (Italeri). There is one set in 1/72 scale for May, designed for Italeri's CR.32 kit.

In addition to the standard range of masks, three sets of national insignia masks for the FM-1 kit in 1/48 scale by Tamiya will also be available for May. Masks for the standard American insignia will also be available in 1/48 scale for the P-51B/C (Eduard) kit.

In the Eddie the Riveter 3D decal line, we have a total of four sets for May. In 1/32 scale, these will be the surface details and the circular rows of rivets. In 1/48 and 1/72 scale, there are also circular rows of rivets.

SHIPPING OF APRIL ITEMS AND PRE-ORDERS OF MAY NEW RELEASES

As is customary each month, I kindly request that you submit your **pre-orders for the May releases, preferably by Tuesday, April 2, 2024**. Based on your pre-orders, we will determine the quantity of items to produce. Please note that **if we do not receive your pre-order, we cannot guarantee the availability of all items** for your future orders, particularly for LIMITED series items.

Shipments of the March new releases are already underway. Should you require assistance with marketing materials, please do not hesitate to contact me directly.

Thank you for your attention and continued support!

Jan Bobek
