

INFORMATION FOR DISTRIBUTORS

JUNE 2024

Dear friends,
I would like to inform you about new releases coming up in June 2024.

THE KITS

The new kits for June were also partly chosen in connection with the upcoming 80th anniversary of the Allied invasion of Normandy as part of Operation Overlord.

The primary June new release will be the MARAUDER kit, issued in the Limited Edition at 1/72nd scale. It is based on Hasegawa mouldings and will encompass the B-26F and G versions. Alongside the customary masks and pre-painted photo-etched parts, it will also incorporate resin undercarriage wheels. The decal sheet will enable the construction of one of eight machines from the European and Mediterranean theatre of operations.

Another new addition to the Weekend series will be a 1/48th scale Spitfire Mk.Vb kit, focusing on the Spitfires deployed during Operation Overlord. While Spitfires IX played a major role in the Royal Air Force during the Normandy invasion, Spitfires V of various versions also participated in this historic operation. Represented will be the US Navy Cruiser Scouting Squadron Seven (VCS-7), operating over the battlefield in the role of artillery spotters for the warships. Additionally, No. 401 Squadron RAF with F/O Rick R. Richards' machine, the legendary Cdt. J.M. Accart of the French No. 345 Squadron, and the selection is rounded off by No. 64 Squadron with F/Lt Tony Cooper's machine.

In the June release of the ProfiPACK edition, we will introduce our new Bf 109G-6 kit in 1/72 scale. This kit enables the construction of a scale model with a standard canopy and an older type of rudder. It offers the option to build one of six machines. The first is the legendary aircraft with the red tulip on the nose, flown by Major Hermann Graf, commander of Jagdgeschwader 50. Non-standard undercarriage covers will be included in the photo-etched set in the kit for this decal variant. The other machines were flown by Oblt. Weissenberger of II./JG 5 in winter camouflage on the Eastern Front, as well as the commanders Hptm. Hackl of III./JG 11, Maj. Franzisket of I./JG 27, Lt. Alfred Hammer of 6./JG 53, and Oblt. Brock of 8./JG 54 „Grünherz“.

In addition, the ProfiPACK reissue will feature a 1/48 scale kit of the Fw 190A-2 fighter aircraft.

The 80th anniversary of Operation Overlord presents another exceptional trading opportunity. In addition to the new releases mentioned above, we offer several other Invasion-themed items in our kit selection. Consider taking advantage of them during this spring and summer, when the anniversary of the Invasion will be in the spotlight, not only for modelers. Below is a list

of Operation Overlord-themed kits:

8281 Spitfire Mk. IXc late version 1/48 ProfiPACK

82122 Tempest Mk. V series 2 1/48 ProfiPACK

84172 P-51D-5 1/48 Weekend

84183 Spitfire Mk.IXc 1/48 Weekend

84195 Tempest Mk. V Series 1 1/48 Weekend

7466 Spitfire Mk. IXc 1/72 Weekend

May new release: 11181: D-Day Mustangs; P-51B Mustang Dual Combo

P-51D MUSTANG - ROYAL CLASS IN 1/72 SCALE

In the next few days, we will provide you with information about the upcoming new tool P-51D Mustang in 1/72 scale. Similar to the 1/48th scale P-51B, we will release the 1/72nd scale P-51D first in a revived Royal Class (Dual Combo) edition, which will be available for pre-order only. In August 2024, the 1/72 P-51D will be released as an additional item in a Limited edition, also as a Dual Combo. This kit will also be available as a stock item.

BRASSIN

Among the most interesting June new products made by direct 3D printing are the engines for the Beaufort Mk.I in 1/48 scale from our Ukrainian colleagues at ICM. These engines are very easy to work with and pleasant to assemble.

Another intriguing new item is a parachute for the F-4E Phantom II in 1/48 scale by Meng. We've dedicated significant time to developing this item, and after careful consideration for the stability of the model, we've opted for the form of the parachute that is partially deployed and gently touches the airfield surface. It's a visually striking item that has generated considerable interest from customers during presentations at model shows and competitions. I highly recommend mentioning it in your promotional materials.

The main theme of the June Brassin series will feature the 1/48 scale P-51B/C Mustang by Eduard. June's offerings will include several smaller sets, encompassing three types of wheels, two types of propellers, 108-gallon drop tanks, and bazookas. Additionally, larger sets will follow in July and August, such as the engine, cockpit, and gun bays.

I'd also like to mention the 1/48 scale cockpit for the F-35B by Tamiya. Furthermore, we will release two more BIGSIN sets for kits from this company in June: one set containing both engines for the P-38J Lightning (1/48) and another featuring a weapons set for the F-35A (1/72). In the LööK series, we will introduce four 1/48 scale sets: the F4U-1A Corsair (Magic Factory), P-47D-30 (Miniart), I-16 Type 24 (Eduard), and FM-1 Wildcat (Tamiya). As for the LööKplus extended sets, they will comprise settings for the Gannet AS.1/AS.4 (1/48, Airfix), Bf 109G-2, and Bf 109G-4 (1/72, Eduard).

ACCESSORY SETS - PHOTO-ETCHED PARTS, MASK AND DECALS

In 1/32 scale, for the A-20J/K and Boston Mk.IV kits, we will release photo-etched sets for the cockpit&nose interior, bomb bay, wheel wells, along with the usual seat belt sets and Zoom sets.

For the 1/350 scale USS Sangamon CVE-26 escort aircraft carrier kit by Trumpeter, we will offer a second photo-etched set in June.

In the BIG ED line, sets for the F-35B (1/48, Tamiya), Gannet AS.1 and AS.4 (1/48, Airfix), and Hurricane Mk.IIb (1/48, Arma Hobby) sets will be available for June.

Additionally, the photo-etched set, seat belt set, and Zoom set will be released in an unusual 1/35 scale for the Nakajima B5N Kate bomber kit from Border Model.

Finally, we will release the Zoom, the seat belt set, as well as the classic pre-painted photo-etched set in June for the TBD-1 Devastator kit in 1/48 scale from Hobby Boss.

A Zoom set, seat belts, and a larger photo-etched set for cockpit and engine details will be released for the 1/48 scale B-24J Liberator kit by Hobby Boss.

A separate set of 1/72 scale etchings will be prepared for the interior and exterior of the SM.79 Sparviero bomber by Italeri, and we will also produce a Zoom set for it.

In the Space 3D decal series, we will release a 1/35 scale set for the Japanese B5N Kate bomber by Border Model, and 1/32 scale sets for the A-20J/K and Boston Mk.IV (HKM). In 1/48 scale, there are sets for the B-24J Liberator and TBD-1 (Hobby Boss), Fw 190A-2 (Eduard), and of course the B-26B Marauder (ICM). In 1/72 scale, there will be sets for the iconic SM.79 bomber Sparviero (Italeri) and B-26 Marauder (Hasegawa/Eduard). Flags will be available in 1/350 scale for US Navy ship models. The decals can be shaped well on the model and are printed as double-sided.

In the Eddie the Riveter 3D decal series, we have double round rivets in 1/32, 1/48, and 1/72 scale for June.
