INFORMATION FOR DISTRIBUTORS

JANUARY 2019

Dear friends,

We are here today with the first Newsletter, dedicated to the new releases for the upcoming year, 2019. These are for January, 2019, of course.

First, let me inform you about the processes and general dispatching schedule for rest of this year, 2018. The new releases for December 2018 including new Tempest Mk.V (1st production series) are ready to be shipped. You can complete your orders, we are ready for shipping. Please note your orders for the discounted items (SWEEP 2018) will be shipped together with your standard orders, with a separate invoice however. If do you want to place an additional order for these items, please send the separate order again. It is also good to know, that these items will be orderable until December 17th, 2018. And until these will be out of stock, of course.

Concerning the today announced January releases, these are expected to be available on December 13, 2018. The availability will be announced in time, and it would be good idea to place your restock orders around that date, because there will be very short time for closing of the orders in December. We will actually acquire the latest orders to be dispatched before Christmas on Monday, December 17th, 2018, which gives us really short time for all these Christmas operations. The latest parcels are expected to be dispatched on Friday, December 21st, 2018. Then our office will be closed until January 4th, 2019. Our shipping operations will be fully restarted on Monday, January 7th, 2019. Note the orders will be acquired during the holidays, but they will be dispatched

Just for sure, this is the chart of the important dates:

November 30th, 2018: the deadline for the sending the pre-orders for January 2018 new releases.

December 13th, 2018: the January 2018 new releases will be available for shipping.

December 17th, 2018 (Midnight): the latest orders to be guaranteed for 2018 shipping will be accepted.

December 21st, 2018: the latest shipments will be dispatched.

December 21st, 2018 – January 7th, 2019: the shop will be closed.

January 7th, 2019: the Sales Department will be re-open, we will send normally again.

I hope this is clear. If not, don't hesitate to ask us!

Concerning the January new releases, please see the BODENPLATTE, an item in the Limited Edition line. This is 1/48th scale Dual Combo item, with Fw 190D-9 and Bf 109G-14 kits inside the boxing. See two subversions of Bf 109G-14 kits included. The subversion Bf 109G-14/AS has never been released before. Also, check the newly reboxed 1/48th scale F6F-3 Hellcat Profipack kit, with new selection of the marking options and new boxart as well. The January's Weekend is then Spitfire LF Mk.IXc in 1/48th scale. Among the accessories, see the rest of the sets for B-52G (1/72nd scale, Modelcollect), also the engine & fuselage guns set for Fw 190A-8/R2, and highly interesting block of BIG Ed sets in various schemes.

Ladies and gentlemen, that's it from me today. Please study carefully the todays offer, and if possible, please place your preorder for January 2019 releases until Friday, November 30, 2018. Thank you very much! Thank you for your time, thank you for your cooperation.

Yours

Vladimir Sulc, CEO, EDUARD M.A.
